

People in Carver County Need Us!

Every night, there are people in our community who need a hot meal, a warm place to sleep and a safe environment for their children. They are working their way to be self-sufficient, but they simply aren't there yet.

St. Victoria volunteers are being called along with other churches in the county to help provide hands and faces and hospitality and food to help families in need. We're looking for more volunteers to help...

Families Moving Forward

Our St. Victoria volunteers are only being asked to serve for two hours.... once a year. We need greeters, kitchen helpers, story tellers or anyone who likes to play games. In other words, you're being asked to be part of a broader family and share a kindness. The location for these families in transition is Shepherd of the Hill Church, 145 Engler Blvd., Chaska.
